

ACTIVZ Rank Qualifications

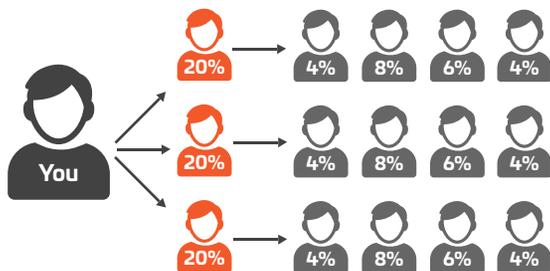

While the actual percentage of monthly commissions payable to distributors varies somewhat from month to month, the average percentage of monthly commissions is 50% of all revenues generated by the sale of the company's products. **Organizational Volume (OV)** is made up of the sum of product purchases from your entire organization. **Personal Volume (PV)** is made up of your own personal product purchases and the product purchases from your personally enrolled Preferred Customers or Retail Customers. Bonuses are paid on Distributor personal product purchases and the product sales of other Distributors and Customers (PC & Retail) in their organizational downline. An Activation Kit is required to be a Distributor. **PV applies towards Business Centers.*
